## 2 Welcome to OneCamp 2023 - Eclipse

We're counting down the days till hundreds of young people descend on Swan Valley Adventure Centre for OneCamp 2023 - Eclipse!

We've had an outstanding response to the event, with 170 Joey Scouts, 480 Cub Scouts, 570 Scouts, 200 Venturer Scouts and 20 Rover Scouts from WA, Girl Guides and interstate. Plus, we've got a huge 470 adults who will be supporting everyone throughout their OneCamp experience.

Western Australia is the best place on the planet to see the total solar eclipse in April 2023! Just as the sun, moon and earth align, OneCamp 2023 – Eclipse will unite our age sections as we share out-of-this-world Scout adventures.

Participants will have the chance to embrace all that Scouting has to offer. The exciting part is building your own program to experience all OneCamp has to offer. Venturer Scouts and Rover Scouts get the opportunity to head off on a range of Expeditions - watching the staircase to the moon in Broome, exploring the region of Dwellingup or seeing the cute Quokkas on Rottnest, imagine sailing the open seas on the Leeuwin Sail Training Ship or heading down to Esperance & Albany. The Scouts are lucky to embark on a Mini Expedition to focus on sailing, paddling, science, and Innovation, hiking or outdoor adventure skills.

Back on site we have a range of activities from exploring different Special Interest Areas, Outdoor Adventure Skills and don't forget the evening entertainment.

The entire program has been put together by our Design Squad – a group of Scouts WA youth members from across Western Australia!

Thanks for joining us on our first ever all sections camp.

We can't wait to see you onsite at OneCamp 2023 - Eclipse!

Yours in Scouting,

OneCamp Event Team

## 3 Code of Conduct

Scouts are reminded that the Scout Law and Promise always applies during OneCamp 2023. The code of conduct outlined below is intended to create a safe space for everyone at OneCamp.

A poster with a blue background featuring a blurred image of a person climbing a rock. The text is white and centered. At the top is the title 'Australian Scout Promise'. Below it are two columns of text separated by 'OR'. The first column lists the Scout Promise, and the second column lists the Scout Law. Below the Law is the title 'Australian Scout Law' followed by three sections: 'BE RESPECTFUL', 'DO WHAT IS RIGHT', and 'BELIEVE IN MYSELF', each with a brief description. In the bottom left corner is the Scouts Australia logo, and in the bottom right corner is a white line-art icon of a hand with fingers spread.

**Australian Scout Promise**

On my honour, I promise  
To do my best,  
To be true to my  
spiritual beliefs,  
To contribute to my  
community and our world,  
To help other people,  
And to live by  
the Scout Law.

OR

On my honour, I promise  
that I will do my best  
To do my duty to  
my God, and  
To the King of Australia,  
To help other people,  
And to live by  
the Scout Law.

**Australian Scout Law**

**BE RESPECTFUL**  
Be friendly and considerate  
Care for others and the environment

**DO WHAT IS RIGHT**  
Be trustworthy, honest and fair  
Use resources wisely

**BELIEVE IN MYSELF**  
Learn from my experiences  
Face challenges with courage

Scouts Australia

### 3.1 Be Respectful

This code of conduct relies on an understanding of consent. In Scouts WA we hold that:

1. Consent has a legal meaning. Where sexual activities are concerned, a person may not legally consent until they have achieved 16 years of age in WA; a person is also considered unable to consent if their judgement may be impaired by drugs, alcohol or fatigue.
2. During the event this also includes is no physical or sexual interaction of any kind between children aged 17 and under with members aged 18+. This includes those already in existing relationships.

3. Consent is given freely and voluntarily. This means that consent is not given where there is any coercion; or where negative consequences of withholding consent are real or imagined.
4. Consent is clear, unambiguous, positive, and enthusiastic. Receiving no response is not consent. Reluctant acceptance and/or submission is not consent.
5. Consent and sexual activity. Any unwanted sexual activity, or unwanted touching of a person's body by another person may be sexual assault. For example, it can include kissing or inappropriate touching of a person's breasts, bottom or genitals, or even performing a sexual activity in front of another person.

At all Scouts WA activities, respecting others means that all members, youth and adult are entitled to privacy.

6. **Physical privacy.** All members are entitled to have their personal space respected, and members must not make physical contact with any person, or their belongings without clear and unambiguous consent. Scouts WA expects every member to have their own bedding and to respect bedding belonging to someone else as that person's personal space. It is the position of Scouts WA that Scouting activities are not an appropriate place for sexual activities.
7. **Visual privacy.** All members are entitled to have privacy for themselves and their belongings and must respect the privacy of others in return. This means that without consent it is not appropriate to observe them as they conduct private activities. It is not appropriate to search their belongings, or speak to others about what we have seen, deliberately or accidentally.
8. **Audible privacy.** All members are entitled to have privacy and must respect the privacy of others. This means that without consent it is not appropriate to listen to them as they conduct private activities or conversations. It is not appropriate to speak to others about what we have heard, deliberately or accidentally.
9. **Digital privacy.** Taking and sharing of intimate photo or videos of young people is a crime. Regardless of age, taking intimate photo or videos without consent is a crime, and sharing of intimate photo or videos without consent is a crime. For information about image based abuse, you can visit the e-safety website (<https://esafety.gov.au/image-based-abuse>).

Respect for others in this context means respecting their privacy; respecting the decisions that they make in providing consent; and respecting their emotional and mental health.

Respect for others includes respecting legal and ethical obligations of the organisation, its Leaders and other youth members.

### **Respecting others and the program:**

1. As a member you should show respect to yourself, as well as all other members, Leaders, volunteers and external operators, as well as the members of the public.
2. You should respect the environment and community where OneCamp is held.
3. Bullying, discrimination, harassment or assault of any kind has no place in Scouting. You should not engage in any of these activities, and are encouraged to report any instances of this to a trusted adult.
4. You should comply with all reasonable directions from supporting adults and external operators.
5. You will have decent amount of freedom during the event; however, there are many points when it very important to be at the right place at the right time (especially for

transport). If you are asked to be somewhere, you have a responsibility to be there at the right time and follow all instructions.

Failure to follow this code of conduct will result in disciplinary action. Depending on the severity of the offence, possible actions could range from missing activities to being sent home at your own expense. Not knowing the code of conduct is never an excuse and it is your responsibility to know and understand these rules that are put in place to keep the event safe.

Remember to have fun and make the most of your time here, it's not just a two-night camp so don't burn yourself out, look after your physical and mental wellbeing, and look out for the other members, they are your friends, and the event will be far more enjoyable together.

## 3.2 Do What is Right

Event participants are trusted to follow the rules and ensure that others also follow these rules. In this instance it may mean reminding our friends that their behaviour is inappropriate or reporting that behaviour by speaking with a trusted adult.

Doing what is right may include seeking assistance for others who have been using drugs or alcohol.

## 3.3 Believe in Yourself

If you would like support in discussing, challenging, or reporting inappropriate behaviour, please speak with a trusted adult or a member of the Health & Wellbeing Team.

Should you wish to report a matter that is concerning you anonymously, you can call the Event Operations Centre on (08) 6240 7777.

## 11 Health & Wellbeing

Parents are encouraged to read through this section with their young person. To ensure a successful experience, it is essential that Scouts are well prepared in regard to personal hygiene.

### 11.1 Rest

Tiredness and fatigue can be real problems for a number of reasons. Fatigue causes irritability and arguments to increase, concentration to decrease and accidents to increase.

Being away from home for a long period of time, being in strange surroundings, over excitement, repeated early mornings/late than usual nights, constant activity, homesickness and pushing to do all of the activities often results in Scouts not gaining enough sleep or rest.

Fatigue symptoms are worse when combined with low blood sugar. If this is happening in your Unit it may be necessary to have a rest hour each day, given snacks in the late afternoon or have earlier 'lights out'.

## 11.2 Hydration

The combination of heat, sun and activity means that it is imperative for everyone to drink ample fluids on a regular basis each day. Dehydration can strike suddenly and viciously – both for youth and adults alike.

It is recommended that every person drinks at least 2-3 litres per day – but not soft drink, these should be kept to a minimum. Water, possibly with some flavour added or electrolyte drinks, fruit juices and hot/cold tea, coffee or Milo are better alternatives.

Unit sites will have a bulk water container filled and freely available to drink from as necessary.

Carrying a water bottle with you around the site is also a must.

## 11.3 Handwashing

Hand washing is a must. Each Unit will have a hand wash station somewhere and hand sanitiser available at the gate. Everyone must sanitise every time they enter and leave the gate.

Wash and sanitise hands before meals. Duty Patrol Leaders will distribute hand sanitiser to ensure it is used.

## 11.4 Washing and Showers

Unit members will be encouraged to get into a regular, daily washing routine whilst at OneCamp.

In general: it is important that Scouts are regularly using the toilet, showering every day, shampooing their hair, looking after their feet, eating properly, and cleaning their teeth. Particular attention must be paid to making sure that feet are properly washed and are completely dried to prevent infection. Remember that bacteria in faeces that reach the mouth via the hands cause gastroenteritis and/or food poisoning.

Hands need to be spotless while preparing food, and fingernails need to be kept short. The Patrol System will be used for a quick inspection of faces, hands, nails, knees, hair and ears each morning before breakfast. This can give a fair indication if personal hygiene is being attended to properly.

## 11.5 Care of personal gear

Particular attention will be paid to the tidiness of tents and clothing. It can be a real source of irritation for Scouts if they cannot find some of their possessions because others have left things in a mess, especially if they are tired.

Leaders will insist that tents and gear are always left neat and tidy. Uniforms should be hung in protective bags, and shoes kept off the ground to dry and air. Food and drink should never be consumed in the tent and never kept there.

Lollies pose a problem and Scouts should be encouraged to be extremely careful, especially with chocolate as it can make a terrible mess if forgotten or not properly stored. Leaders will regularly check to ensure that wet clothing and towels are not put in bags.

## 11.6 Medication management

All medication must be listed in the OneCamp registration system prior to OneCamp. This includes non-prescription medication such as Panadol – OneCamp Leaders cannot dispense such medication to Scouts if it is not listed as a medication on the Scouts' medication form. Leaders cannot administer any medications without the specific written permission and instructions from parents/guardians.

**Parents/guardians are to supply all medication to be given to youth members to be packaged in Webster packs, Webster roll or similar.** These are packaged by the pharmacy with the child's name, medication and direction as to the time and way to be given. This may take up to a week to dispense in this form, so make parents/guardians aware of this requirement early.

Medication without packaging and correct instructions cannot be given. If sending paracetamol, it must be in the box with the prescribed dose written on it.

Asthma puffers and EpiPen's should be carried by the youth member who requires it.

# Feeling safe in Scouting

All members have the right!

Tell an adult if you experience **ANYTHING** that makes you feel unsafe or unsure

I know five adults that are my safe place and I can tell them anything

Everyone here will do their best to make you feel safe and cared for

My body is my body and it belongs to me... I can say **NO** to any type of touch – all of my body is my private business

Secrets that make me feel bad or uncomfortable are not safe... I can tell my safe people straight away

If you are scared... if someone hurt your body... if someone makes you feel very sad – talk to your safe place people

How you feel is important and we will always listen

If I see something that makes me or someone else feel unsafe, I can tell my safe place people
