UNIT MERCH

- In previous events we have seen some Units go ‘all out’ with additional merch for their Unit including items such as badges, shirts and scarves.
- These additional merchandise items can come at significant additional cost over and above the event fee that families may not have budgeted for when deciding to register their young person for the event.
 - Whilst these are optional extras, for a young person in a Unit who does not purchase the Unit shirt or badge, there is a degree of exclusion.
- For OneCamp 2026, our Chief Commissioner has requested that Units do not produce additional merchandise above and beyond the official OneCamp offering.

HEALTH & WELLBEING

Look after yourself first!

Make sure you have
some down time – it's
important!

Health & Wellbeing Centre

- An onsite health & wellbeing centre will be established at the Swan Valley Adventure Centre, staffed with personnel equipped to support the mental and physical health of all event participants.
- When required, participants will be transferred to offsite medical facilities to receive a higher level of care.

Update online application

- It is imperative that participant's personal, medical, and dietary information is recorded and updated as necessary in the online event application system.
- Should the applicant's medical conditions change from the information provided on their initial application, it is the obligation of the applicant (or parent/guardian) to update the online event application system.

Feeling safe in Scouting

All members have the right!

Tell an adult if you experience ANYTHING that makes you feel unsafe or unsure

I know five adults that are my safe place and I can tell them anything

Everyone here will do their best to make you feel safe and cared for

My body is my body and it belongs to me... I can say NO to any type of touch – all of my body is my private business

Secrets that make me feel bad or uncomfortable are not safe... I can tell my safe people straight away

If you are scared... if someone hurt your body... if someone makes you feel very sad – talk to your safe place people

How you feel is important and we will always listen

If I see something that makes me or someone else feel unsafe, I can tell my safe place people

Please display the provided copies of these in your area.

DIETS

- There are a range of diets available at OneCamp 2026. All event participants will have selected an appropriate diet on the medical tab of their online application.
- If you do not have any modified dietary requirements, you should select the Standard diet (automatically selected for you)

Lactose Free	Pork Free	Dairy Free	Gluten Free & Vegan	Low FODMAP	Vegan
	Diabetic	Halal	Fructose Free	Vegetarian

MINI EXPEDITIONS

- Mini Expedition food rations will be packed by the Food Distribution Team and delivered to the bus stops
- Food will travel on board the bus with Mini Expedition participants
