MOBILE DEVICE Guidelines

The Event Team acknowledges that technology has become an important tool in our society. However, the event also recognises the wellbeing, child safety, security, and logistical risks around mobile technology. The Event Team has released these guidelines to assist Line Leaders, youth participants, and their parents/guardians in deciding whether to take mobile devices to OneCamp:

- The Event will accept no responsibility for lost, stolen or damaged mobile devices.
- There will be no facilities made available to youth participants at any time for direct charging of mobile devices. The onsite Shop is offering a swap 'n' go arrangement for rechargeable battery packs that have been pre-purchased from the Scout Shop.
- Large portable electronic devices such as laptops, iPads and portable electronic gaming devices should not be brought to OneCamp.
- Units cannot decide to ban youth members in their Unit from bringing their mobile device. However, Unit Councils are responsible for determining specific rules for use of mobile devices in their Unit. The Line Leader should provide advice to the Unit Council. For example, the Unit Council may decide that mobile devices can be accessed after dinner and before bedtime each day. At all other times, mobile devices should be securely stored in the Unit safe.
- Line Leaders may request that youth members and their parents/guardians sign an informal contract regarding use of the mobile device at the Jamboree.

Youth participants are not to use their personal electronic device in a sleeping tent, inside toilet/shower facilities or in other changing areas. Youth participants who choose to break this rule will find their device confiscated for the duration of the event, and, depending on the circumstances, may be asked to leave the event. Confiscated devices will be stored at the Event Management Centre and handed back to parents at the end of the event.

Feeling safe in Scouting

All members have the right!

Tell an adult if you experience **ANYTHING** that makes you feel unsafe or unsure

Everyone here will do their best to make you feel safe and cared for

I know five adults that are my safe place and I can tell them anything

NO

My body is my body and it belongs to me... I can say NO to any type of touch – all of my body is my private business

If you are scared... if someone hurt your body... if someone makes you feel very sad – talk to your safe place people

Secrets that make me feel bad or uncomfortable are not safe... I can tell my safe people straight away

How you feel is important and we will always listen

If I see something that makes me or someone else feel unsafe, I can tell my safe place people
